Johnson Controls

Product Security Advisory

October 8, 2020

JCI-PSA-2020-09 v1
CVE-2020-9048
ICSA-20-282-01

Overview
Johnson Controls has confirmed an arbitrary file deletion vulnerability with all versions of victor Web Client.

Impact
The vulnerability could allow a remote unauthenticated attacker to delete arbitrary files on the system or render the system unusable by conducting a Denial of Service attack.

Affected Versions
All versions of victor Web Client up to and including v5.4.1

Mitigation
Upgrade all versions of victor Web Client to v5.6

Registered users can obtain the critical software update by downloading the update found here:
