10 TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

11
12 1. Definitions.

13
14 "License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

15
16 "Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

17
18 "Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

19
20 "You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

21
22 "Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

23
24 "Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

25
26 "Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

27
28 "Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

29
30 "Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

31
32 "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

33
34 2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

35

36 3. Grant of Patent License. Subject to the terms and conditions of this License, each
Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge,
royalty-free, irrevocable (except as stated in this section) patent license to make,
have made, use, offer to sell, sell, import, and otherwise transfer the Work, where
such license applies only to those patent claims licensable by such Contributor that
are necessarily infringed by their Contribution(s) alone or by combination of their
Contribution(s) with the Work to which such Contribution(s) was submitted. If You
institute patent litigation against any entity (including a cross-claim or counterclaim
in a lawsuit) alleging that the Work or a Contribution incorporated within the Work
constitutes direct or contributory patent infringement, then any patent licenses
granted to You under this License for that Work shall terminate as of the date such
litigation is filed.

37
38 4. Redistribution. You may reproduce and distribute copies of the Work or Derivative
Works thereof in any medium, with or without modifications, and in Source or Object
form, provided that You meet the following conditions:
39 a. You must give any other recipients of the Work or Derivative Works a copy of this
License; and
40 b. You must cause any modified files to carry prominent notices stating that You changed
the files; and
41 c. You must retain, in the Source form of any Derivative Works that You distribute, all
copyright, patent, trademark, and attribution notices from the Source form of the Work,
excluding those notices that do not pertain to any part of the Derivative Works; and
42 d. If the Work includes a "NOTICE" text file as part of its distribution, then any
Derivative Works that You distribute must include a readable copy of the attribution
notices contained within such NOTICE file, excluding those notices that do not pertain
to any part of the Derivative Works, in at least one of the following places: within a
NOTICE text file distributed as part of the Derivative Works; within the Source form or
documentation, if provided along with the Derivative Works; or, within a display
generated by the Derivative Works, if and wherever such third-party notices normally
appear. The contents of the NOTICE file are for informational purposes only and do not
modify the License. You may add Your own attribution notices within Derivative Works
that You distribute, alongside or as an addendum to the NOTICE text from the Work,
provided that such additional attribution notices cannot be construed as modifying the
License.

43
44 You may add Your own copyright statement to Your modifications and may provide
additional or different license terms and conditions for use, reproduction, or
distribution of Your modifications, or for any such Derivative Works as a whole,
provided Your use, reproduction, and distribution of the Work otherwise complies with
the conditions stated in this License.

45
46 5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution
intentionally submitted for inclusion in the Work by You to the Licensor shall be under
the terms and conditions of this License, without any additional terms or conditions.
Notwithstanding the above, nothing herein shall supersede or modify the terms of any
separate license agreement you may have executed with Licensor regarding such
Contributions.

47
48 6. Trademarks. This License does not grant permission to use the trade names,
trademarks, service marks, or product names of the Licensor, except as required for
reasonable and customary use in describing the origin of the Work and reproducing the
content of the NOTICE file.

49
50 7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing,
Licensor provides the Work (and each Contributor provides its Contributions) on an "AS
IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied,
including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT,
MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for
determining the appropriateness of using or redistributing the Work and assume any
risks associated with Your exercise of permissions under this License.

51
52 8. Limitation of Liability. In no event and under no legal theory, whether in tort
(including negligence), contract, or otherwise, unless required by applicable law (such
as deliberate and grossly negligent acts) or agreed to in writing, shall any
Contributor be liable to You for damages, including any direct, indirect, special,
incidental, or consequential damages of any character arising as a result of this
License or out of the use or inability to use the Work (including but not limited to
damages for loss of goodwill, work stoppage, computer failure or malfunction, or any

and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

53

54 9. Accepting Warranty or Additional Liability. While redistributing the Work or
Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of
support, warranty, indemnity, or other liability obligations and/or rights consistent
with this License. However, in accepting such obligations, You may act only on Your own
behalf and on Your sole responsibility, not on behalf of any other Contributor, and
only if You agree to indemnify, defend, and hold each Contributor harmless for any
liability incurred by, or claims asserted against, such Contributor by reason of your
accepting any such warranty or additional liability.

Contributions.

104

105 6. Trademarks. This License does not grant permission to use the trade names,
trademarks, service marks, or product names of the Licensor, except as required for
reasonable and customary use in describing the origin of the Work and reproducing the

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

218
219 6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

220
221 7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

222
223 8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

224
225 9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

328 TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

329

330 1. Definitions.

331

332 "License" shall mean the terms and conditions for use, reproduction, and distribution
as defined by Sections 1 through 9 of this document.

333

334 "Licensor" shall mean the copyright owner or entity authorized by the copyright owner
that is granting the License.

335

336 "Legal Entity" shall mean the union of the acting entity and all other entities that
control, are controlled by, or are under common control with that entity. For the
purposes of this definition, "control" means (i) the power, direct or indirect, to
cause the direction or management of such entity, whether by contract or otherwise, or
(ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii)
beneficial ownership of such entity.

337

338 "You" (or "Your") shall mean an individual or Legal Entity exercising permissions
granted by this License.

339

340 "Source" form shall mean the preferred form for making modifications, including but not
limited to software source code, documentation source, and configuration files.

341

342 "Object" form shall mean any form resulting from mechanical transformation or
translation of a Source form, including but not limited to compiled object code,
generated documentation, and conversions to other media types.

343

344 "Work" shall mean the work of authorship, whether in Source or Object form, made
available under the License, as indicated by a copyright notice that is included in or
attached to the work (an example is provided in the Appendix below).

345

346 "Derivative Works" shall mean any work, whether in Source or Object form, that is based
on (or derived from) the Work and for which the editorial revisions, annotations,
elaborations, or other modifications represent, as a whole, an original work of
authorship. For the purposes of this License, Derivative Works shall not include works
that remain separable from, or merely link (or bind by name) to the interfaces of, the
Work and Derivative Works thereof.

347

348 "Contribution" shall mean any work of authorship, including the original version of the

Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

349

350 "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

351

352 2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

353

354 3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

355

356 4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

357 a.You must give any other recipients of the Work or Derivative Works a copy of this License; and

358 b.You must cause any modified files to carry prominent notices stating that You changed the files; and

359 c.You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

360 d.If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

361

362 You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

363

364 5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

365
366 6. Trademarks. This License does not grant permission to use the trade names,
trademarks, service marks, or product names of the Licensor, except as required for
reasonable and customary use in describing the origin of the Work and reproducing the
content of the NOTICE file.

367
368 7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing,
Licensor provides the Work (and each Contributor provides its Contributions) on an "AS
IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied,
including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT,
MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for
determining the appropriateness of using or redistributing the Work and assume any
risks associated with Your exercise of permissions under this License.

369
370 8. Limitation of Liability. In no event and under no legal theory, whether in tort
(including negligence), contract, or otherwise, unless required by applicable law (such
as deliberate and grossly negligent acts) or agreed to in writing, shall any
Contributor be liable to You for damages, including any direct, indirect, special,
incidental, or consequential damages of any character arising as a result of this
License or out of the use or inability to use the Work (including but not limited to
damages for loss of goodwill, work stoppage, computer failure or malfunction, or any
and all other commercial damages or losses), even if such Contributor has been advised
of the possibility of such damages.

371
372 9. Accepting Warranty or Additional Liability. While redistributing the Work or
Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of
support, warranty, indemnity, or other liability obligations and/or rights consistent
with this License. However, in accepting such obligations, You may act only on Your own
behalf and on Your sole responsibility, not on behalf of any other Contributor, and
only if You agree to indemnify, defend, and hold each Contributor harmless for any
liability incurred by, or claims asserted against, such Contributor by reason of your
accepting any such warranty or additional liability.

that is granting the License.

393 "Legal Entity" shall mean the union of the acting entity and all other entities that
control, are controlled by, or are under common control with that entity. For the

400

401 "Work" shall mean the work of authorship, whether in Source or Object form, made

402

403 "Derivative Works" shall mean any work, whether in Source or Object form, that is based
on (or derived from) the Work and for which the editorial revisions, annotations,
elaborations, or other modifications represent, as a whole, an original work of
authorship. For the purposes of this License, Derivative Works shall not include works
that remain separable from, or merely link (or bind by name) to the interfaces of, the
Work and Derivative Works thereof.

404

405 "Contribution" shall mean any work of authorship, including the original version of the
Work and any modifications or additions to that Work or Derivative Works thereof, that
is intentionally submitted to Licensor for inclusion in the Work by the copyright owner
or by an individual or Legal Entity authorized to submit on behalf of the copyright
owner. For the purposes of this definition, "submitted" means any form of electronic,
verbal, or written communication sent to the Licensor or its representatives, including
but not limited to communication on electronic mailing lists, source code control
systems, and issue tracking systems that are managed by, or on behalf of, the Licensor
for the purpose of discussing and improving the Work, but excluding communication that
is conspicuously marked or otherwise designated in writing by the copyright owner as
"Not a Contribution."

406

407 "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom
a Contribution has been received by Licensor and subsequently incorporated within the
Work.

408

409 2. Grant of Copyright License. Subject to the terms and conditions of this License,
each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge,
royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of,
publicly display, publicly perform, sublicense, and distribute the Work and such
Derivative Works in Source or Object form.

410

411 3. Grant of Patent License. Subject to the terms and conditions of this License, each
Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge,
royalty-free, irrevocable (except as stated in this section) patent license to make,
have made, use, offer to sell, sell, import, and otherwise transfer the Work, where
such license applies only to those patent claims licensable by such Contributor that
are necessarily infringed by their Contribution(s) alone or by combination of their
Contribution(s) with the Work to which such Contribution(s) was submitted. If You
institute patent litigation against any entity (including a cross-claim or counterclaim
in a lawsuit) alleging that the Work or a Contribution incorporated within the Work
constitutes direct or contributory patent infringement, then any patent licenses
granted to You under this License for that Work shall terminate as of the date such
litigation is filed.

412

413 4. Redistribution. You may reproduce and distribute copies of the Work or Derivative
Works thereof in any medium, with or without modifications, and in Source or Object
form, provided that You meet the following conditions:

414

a.You must give any other recipients of the Work or Derivative Works a copy of this
License; and

415

b.You must cause any modified files to carry prominent notices stating that You changed
the files; and

416

c.You must retain, in the Source form of any Derivative Works that You distribute, all
copyright, patent, trademark, and attribution notices from the Source form of the Work,
excluding those notices that do not pertain to any part of the Derivative Works; and

417

d.If the Work includes a "NOTICE" text file as part of its distribution, then any
Derivative Works that You distribute must include a readable copy of the attribution
notices contained within such NOTICE file, excluding those notices that do not pertain
to any part of the Derivative Works, in at least one of the following places: within a
NOTICE text file distributed as part of the Derivative Works; within the Source form or
documentation, if provided along with the Derivative Works; or, within a display
generated by the Derivative Works, if and wherever such third-party notices normally
appear. The contents of the NOTICE file are for informational purposes only and do not
modify the License. You may add Your own attribution notices within Derivative Works
that You distribute, alongside or as an addendum to the NOTICE text from the Work,
provided that such additional attribution notices cannot be construed as modifying the

License.

418

419

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

420

421

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

422

506

507 "Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

508

509 "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

510

511 2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

512

513 3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

514

515 4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

516 a. You must give any other recipients of the Work or Derivative Works a copy of this License; and

517 b. You must cause any modified files to carry prominent notices stating that You changed the files; and

518 c. You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

519 d. If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

520

521 You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

522

523 5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under

the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

524

525 6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

526

527 7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

528

529 8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

530

531 9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

569 any of the following:

602

603 2. License Grants. 604

605 2.1. The Initial Developer Grant. 606

607 Conditioned upon Your compliance with Section 3.1 below and subject
608 to third party intellectual property claims, the Initial Developer
609 hereby grants You a world-wide, royalty-free, non-exclusive license:
610

611 (a) under intellectual property rights (other than patent or
612 trademark) Licensable by Initial Developer, to use, reproduce,
613 modify, display, perform, sublicense and distribute the Original
614 Software (or portions thereof), with or without Modifications,
615 and/or as part of a Larger Work; and
616

617 (b) under Patent Claims infringed by the making, using or selling of
618 Original Software, to make, have made, use, practice, sell, and
619 offer for sale, and/or otherwise dispose of the Original Software
620 (or portions thereof).
621

622 (c) The licenses granted in Sections 2.1(a) and (b) are effective on
623 the date Initial Developer first distributes or otherwise makes the
624 Original Software available to a third party under the terms of this
625 License.
626

627 (d) Notwithstanding Section 2.1(b) above, no patent license is
628 granted: (1) for code that You delete from the Original Software, or
629 (2) for infringements caused by: (i) the modification of the
630 Original Software, or (ii) the combination of the Original Software
631 with other software or devices.
632

633 2.2. Contributor Grant.

634
635 Conditioned upon Your compliance with Section 3.1 below and subject
636 to third party intellectual property claims, each Contributor hereby
637 grants You a world-wide, royalty-free, non-exclusive license:

638
639 (a) under intellectual property rights (other than patent or
640 trademark) Licensable by Contributor to use, reproduce, modify,
641 display, perform, sublicense and distribute the Modifications
642 created by such Contributor (or portions thereof), either on an
643 unmodified basis, with other Modifications, as Covered Software
644 and/or as part of a Larger Work; and

645
646 (b) under Patent Claims infringed by the making, using, or selling
647 of Modifications made by that Contributor either alone and/or in
648 combination with its Contributor Version (or portions of such
649 combination), to make, use, sell, offer for sale, have made, and/or
650 otherwise dispose of: (1) Modifications made by that Contributor (or
651 portions thereof); and (2) the combination of Modifications made by
652 that Contributor with its Contributor Version (or portions of such
653 combination).

654
655 (c) The licenses granted in Sections 2.2(a) and 2.2(b) are effective
656 on the date Contributor first distributes or otherwise makes the
657 Modifications available to a third party.

658
659 (d) Notwithstanding Section 2.2(b) above, no patent license is
660 granted: (1) for any code that Contributor has deleted from the
661 Contributor Version; (2) for infringements caused by: (i) third
662 party modifications of Contributor Version, or (ii) the combination
663 of Modifications made by that Contributor with other software
664 (except as part of the Contributor Version) or other devices; or (3)
665 under Patent Claims infringed by Covered Software in the absence of
666 Modifications made by that Contributor.

667 3. Distribution Obligations.

668 3.1. Availability of Source Code.

669
670 Any Covered Software that You distribute or otherwise make available
671 in Executable form must also be made available in Source Code form
672 and that Source Code form must be distributed only under the terms
673 of this License. You must include a copy of this License with every
674 copy of the Source Code form of the Covered Software You distribute
675 or otherwise make available. You must inform recipients of any such
676 Covered Software in Executable form as to how they can obtain such
677 Covered Software in Source Code form in a reasonable manner on or
678 through a medium customarily used for software exchange.

679 3.2. Modifications.

680
681 The Modifications that You create or to which You contribute are
682 governed by the terms of this License. You represent that You
683 believe Your Modifications are Your original creation(s) and/or You
684 have sufficient rights to grant the rights conveyed by this License.

685 3.3. Required Notices.

686
687 You must include a notice in each of Your Modifications that
688 identifies You as the Contributor of the Modification. You may not
689 remove or alter any copyright, patent or trademark notices contained
690 within the Covered Software, or any notices of licensing or any
691 descriptive text giving attribution to any Contributor or the
692 Initial Developer.

693 3.4. Application of Additional Terms.

694
695 You may not offer or impose any terms on any Covered Software in
696 Source Code form that alters or restricts the applicable version of
697 this License or the recipients' rights hereunder. You may choose to

offer, and to charge a fee for, warranty, support, indemnity or liability obligations to one or more recipients of Covered Software. However, you may do so only on Your own behalf, and not on behalf of the Initial Developer or any Contributor. You must make it absolutely clear that any such warranty, support, indemnity or liability obligation is offered by You alone, and You hereby agree to indemnify the Initial Developer and every Contributor for any liability incurred by the Initial Developer or such Contributor as a result of warranty, support, indemnity or liability terms You offer.

3.5. Distribution of Executable Versions.

You may distribute the Executable form of the Covered Software under the terms of this License or under the terms of a license of Your choice, which may contain terms different from this License, provided that You are in compliance with the terms of this License and that the license for the Executable form does not attempt to limit or alter the recipient's rights in the Source Code form from the rights set forth in this License. If You distribute the Covered Software in Executable form under a different license, You must make it absolutely clear that any terms which differ from this License are offered by You alone, not by the Initial Developer or Contributor. You hereby agree to indemnify the Initial Developer and every Contributor for any liability incurred by the Initial Developer or such Contributor as a result of any such terms You offer.

3.6. Larger Works.

You may create a Larger Work by combining Covered Software with other code not governed by the terms of this License and distribute the Larger Work as a single product. In such a case, You must make sure the requirements of this License are fulfilled for the Covered Software.

4. Versions of the License.

4.1. New Versions.

Oracle is the initial license steward and may publish revised and/or new versions of this License from time to time. Each version will be given a distinguishing version number. Except as provided in Section 4.3, no one other than the license steward has the right to modify this License.

4.2. Effect of New Versions.

You may always continue to use, distribute or otherwise make the Covered Software available under the terms of the version of the License under which You originally received the Covered Software. If the Initial Developer includes a notice in the Original Software prohibiting it from being distributed or otherwise made available under any subsequent version of the License, You must distribute and make the Covered Software available under the terms of the version of the License under which You originally received the Covered Software. Otherwise, You may also choose to use, distribute or otherwise make the Covered Software available under the terms of any subsequent version of the License published by the license steward.

4.3. Modified Versions.

When You are an Initial Developer and You want to create a new license for Your Original Software, You may create and use a modified version of this License if You: (a) rename the license and remove any references to the name of the license steward (except to note that the license differs from this License); and (b) otherwise make it clear that the license contains terms which differ from this License.

5. DISCLAIMER OF WARRANTY.

772 COVERED SOFTWARE IS PROVIDED UNDER THIS LICENSE ON AN "AS IS" BASIS,
773 WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED,
774 INCLUDING, WITHOUT LIMITATION, WARRANTIES THAT THE COVERED SOFTWARE
775 IS FREE OF DEFECTS, MERCHANTABILITY, FIT FOR A PARTICULAR PURPOSE OR
776 NON-INFRINGEMENT. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF
777 THE COVERED SOFTWARE IS WITH YOU. SHOULD ANY COVERED SOFTWARE PROVE
778 DEFECTIVE IN ANY RESPECT, YOU (NOT THE INITIAL DEVELOPER OR ANY
779 OTHER CONTRIBUTOR) ASSUME THE COST OF ANY NECESSARY SERVICING,
780 REPAIR OR CORRECTION. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN
781 ESSENTIAL PART OF THIS LICENSE. NO USE OF ANY COVERED SOFTWARE IS
782 AUTHORIZED HEREUNDER EXCEPT UNDER THIS DISCLAIMER.
783

784 6. TERMINATION.

785
786
787 6.1. This License and the rights granted hereunder will terminate
788 automatically if You fail to comply with terms herein and fail to
789 cure such breach within 30 days of becoming aware of the breach.
790 Provisions which, by their nature, must remain in effect beyond the
791 termination of this License shall survive.
792

793 6.2. If You assert a patent infringement claim (excluding
794 declaratory judgment actions) against Initial Developer or a
795 Contributor (the Initial Developer or Contributor against whom You
796 assert such claim is referred to as "Participant") alleging that the
797 Participant Software (meaning the Contributor Version where the
798 Participant is a Contributor or the Original Software where the
799 Participant is the Initial Developer) directly or indirectly
800 infringes any patent, then any and all rights granted directly or
801 indirectly to You by such Participant, the Initial Developer (if the
802 Initial Developer is not the Participant) and all Contributors under
803 Sections 2.1 and/or 2.2 of this License shall, upon 60 days notice
804 from Participant terminate prospectively and automatically at the
805 expiration of such 60 day notice period, unless if within such 60
806 day period You withdraw Your claim with respect to the Participant
807 Software against such Participant either unilaterally or pursuant to
808 a written agreement with Participant.
809

810 6.3. If You assert a patent infringement claim against Participant
811 alleging that the Participant Software directly or indirectly
812 infringes any patent where such claim is resolved (such as by
813 license or settlement) prior to the initiation of patent
814 infringement litigation, then the reasonable value of the licenses
815 granted by such Participant under Sections 2.1 or 2.2 shall be taken
816 into account in determining the amount or value of any payment or
817 license.
818

819 6.4. In the event of termination under Sections 6.1 or 6.2 above,
820 all end user licenses that have been validly granted by You or any
821 distributor hereunder prior to termination (excluding licenses
822 granted to You by any distributor) shall survive termination.
823

824 7. LIMITATION OF LIABILITY.

825
826 UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, WHETHER TORT
827 (INCLUDING NEGLIGENCE), CONTRACT, OR OTHERWISE, SHALL YOU, THE
828 INITIAL DEVELOPER, ANY OTHER CONTRIBUTOR, OR ANY DISTRIBUTOR OF
829 COVERED SOFTWARE, OR ANY SUPPLIER OF ANY OF SUCH PARTIES, BE LIABLE
830 TO ANY PERSON FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR
831 CONSEQUENTIAL DAMAGES OF ANY CHARACTER INCLUDING, WITHOUT
832 LIMITATION, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER
833 FAILURE OR MALFUNCTION, OR ANY AND ALL OTHER COMMERCIAL DAMAGES OR
834 LOSSES, EVEN IF SUCH PARTY SHALL HAVE BEEN INFORMED OF THE
835 POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY SHALL NOT
836 APPLY TO LIABILITY FOR DEATH OR PERSONAL INJURY RESULTING FROM SUCH
837 PARTY'S NEGLIGENCE TO THE EXTENT APPLICABLE LAW PROHIBITS SUCH
838 LIMITATION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR
839 LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS EXCLUSION
840 AND LIMITATION MAY NOT APPLY TO YOU.

8. U.S. GOVERNMENT END USERS.

The Covered Software is a "commercial item," as that term is defined in 48 C.F.R. 2.101 (Oct. 1995), consisting of "commercial computer software" (as that term is defined at 48 C.F.R. ? 252.227-7014(a)(1)) and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212 (Sept. 1995). Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4 (June 1995), all U.S. Government End Users acquire Covered Software with only those rights set forth herein. This U.S. Government Rights clause is in lieu of, and supersedes, any other FAR, DFAR, or other clause or provision that addresses Government rights in computer software under this License.

9. MISCELLANEOUS.

This License represents the complete agreement concerning subject matter hereof. If any provision of this License is held to be unenforceable, such provision shall be reformed only to the extent necessary to make it enforceable. This License shall be governed by the law of the jurisdiction specified in a notice contained within the Original Software (except to the extent applicable law, if any, provides otherwise), excluding such jurisdiction's conflict-of-law provisions. Any litigation relating to this License shall be subject to the jurisdiction of the courts located in the jurisdiction and venue specified in a notice contained within the Original Software, with the losing party responsible for costs, including, without limitation, court costs and reasonable attorneys' fees and expenses. The application of the United Nations Convention on Contracts for the International Sale of Goods is expressly excluded. Any law or regulation which provides that the language of a contract shall be construed against the drafter shall not apply to this License. You agree that You alone are responsible for compliance with the United States export administration regulations (and the export control laws and regulation of any other countries) when You use, distribute or otherwise make available any Covered Software.

10. RESPONSIBILITY FOR CLAIMS.

As between Initial Developer and the Contributors, each party is responsible for claims and damages arising, directly or indirectly, out of its utilization of rights under this License and You agree to work with Initial Developer and Contributors to distribute such responsibility on an equitable basis. Nothing herein is intended or shall be deemed to constitute any admission of liability.

NOTICE PURSUANT TO SECTION 9 OF THE COMMON DEVELOPMENT AND DISTRIBUTION LICENSE (CDDL)

The code released under the CDDL shall be governed by the laws of the State of California (excluding conflict-of-law provisions). Any litigation relating to this License shall be subject to the jurisdiction of the Federal Courts of the Northern District of California and the state courts of the State of California, with venue lying in Santa Clara County, California.

The GNU General Public License (GPL) Version 2, June 1991
Copyright (C) 1989, 1991 Free Software Foundation, Inc.
51 Franklin Street, Fifth Floor
Boston, MA 02110-1335
USA

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change free software--to

910 make sure the software is free for all its users. This General Public
911 License applies to most of the Free Software Foundation's software and
912 to any other program whose authors commit to using it. (Some other Free
913 Software Foundation software is covered by the GNU Library General
914 Public License instead.) You can apply it to your programs, too.

915
916 When we speak of free software, we are referring to freedom, not price.
917 Our General Public Licenses are designed to make sure that you have the
918 freedom to distribute copies of free software (and charge for this
919 service if you wish), that you receive source code or can get it if you
920 want it, that you can change the software or use pieces of it in new
921 free programs; and that you know you can do these things.

922
923 To protect your rights, we need to make restrictions that forbid anyone
924 to deny you these rights or to ask you to surrender the rights. These
925 restrictions translate to certain responsibilities for you if you
926 distribute copies of the software, or if you modify it.

927
928 For example, if you distribute copies of such a program, whether gratis
929 or for a fee, you must give the recipients all the rights that you have.
930 You must make sure that they, too, receive or can get the source code.
931 And you must show them these terms so they know their rights.

932
933 We protect your rights with two steps: (1) copyright the software, and
934 (2) offer you this license which gives you legal permission to copy,
935 distribute and/or modify the software.

936
937 Also, for each author's protection and ours, we want to make certain
938 that everyone understands that there is no warranty for this free
939 software. If the software is modified by someone else and passed on, we
940 want its recipients to know that what they have is not the original, so
941 that any problems introduced by others will not reflect on the original
942 authors' reputations.

943
944 Finally, any free program is threatened constantly by software patents.
945 We wish to avoid the danger that redistributors of a free program will
946 individually obtain patent licenses, in effect making the program
947 proprietary. To prevent this, we have made it clear that any patent must
948 be licensed for everyone's free use or not licensed at all.

949
950 The precise terms and conditions for copying, distribution and
951 modification follow.

952
953 TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

954
955 0. This License applies to any program or other work which contains a
956 notice placed by the copyright holder saying it may be distributed under
957 the terms of this General Public License. The "Program", below, refers
958 to any such program or work, and a "work based on the Program" means
959 either the Program or any derivative work under copyright law: that is
960 to say, a work containing the Program or a portion of it, either
961 verbatim or with modifications and/or translated into another language.
962 (Hereinafter, translation is included without limitation in the term
963 "modification".) Each licensee is addressed as "you".

964
965 Activities other than copying, distribution and modification are not
966 covered by this License; they are outside its scope. The act of running
967 the Program is not restricted, and the output from the Program is
968 covered only if its contents constitute a work based on the Program
969 (independent of having been made by running the Program). Whether that
970 is true depends on what the Program does.

971
972 1. You may copy and distribute verbatim copies of the Program's source
973 code as you receive it, in any medium, provided that you conspicuously
974 and appropriately publish on each copy an appropriate copyright notice
975 and disclaimer of warranty; keep intact all the notices that refer to
976 this License and to the absence of any warranty; and give any other
977 recipients of the Program a copy of this License along with the Program.

978

979 You may charge a fee for the physical act of transferring a copy, and
980 you may at your option offer warranty protection in exchange for a fee.
981

982 2. You may modify your copy or copies of the Program or any portion of
983 it, thus forming a work based on the Program, and copy and distribute
984 such modifications or work under the terms of Section 1 above, provided
985 that you also meet all of these conditions:
986

987 a) You must cause the modified files to carry prominent notices
988 stating that you changed the files and the date of any change.
989

990 b) You must cause any work that you distribute or publish, that in
991 whole or in part contains or is derived from the Program or any part
992 thereof, to be licensed as a whole at no charge to all third parties
993 under the terms of this License.
994

995 c) If the modified program normally reads commands interactively
996 when run, you must cause it, when started running for such
997 interactive use in the most ordinary way, to print or display an
998 announcement including an appropriate copyright notice and a notice
999 that there is no warranty (or else, saying that you provide a
1000 warranty) and that users may redistribute the program under these
1001 conditions, and telling the user how to view a copy of this License.
1002 (Exception: if the Program itself is interactive but does not
1003 normally print such an announcement, your work based on the Program
1004 is not required to print an announcement.)
1005

1006 These requirements apply to the modified work as a whole. If
1007 identifiable sections of that work are not derived from the Program, and
1008 can be reasonably considered independent and separate works in
1009 themselves, then this License, and its terms, do not apply to those
1010 sections when you distribute them as separate works. But when you
1011 distribute the same sections as part of a whole which is a work based on
1012 the Program, the distribution of the whole must be on the terms of this
1013 License, whose permissions for other licensees extend to the entire
1014 whole, and thus to each and every part regardless of who wrote it.
1015

1016 Thus, it is not the intent of this section to claim rights or contest
1017 your rights to work written entirely by you; rather, the intent is to
1018 exercise the right to control the distribution of derivative or
1019 collective works based on the Program.
1020

1021 In addition, mere aggregation of another work not based on the Program
1022 with the Program (or with a work based on the Program) on a volume of a
1023 storage or distribution medium does not bring the other work under the
1024 scope of this License.
1025

1026 3. You may copy and distribute the Program (or a work based on it,
1027 under Section 2) in object code or executable form under the terms of
1028 Sections 1 and 2 above provided that you also do one of the following:
1029

1030 a) Accompany it with the complete corresponding machine-readable
1031 source code, which must be distributed under the terms of Sections 1
1032 and 2 above on a medium customarily used for software interchange; or,
1033

1034 b) Accompany it with a written offer, valid for at least three
1035 years, to give any third party, for a charge no more than your cost
1036 of physically performing source distribution, a complete
1037 machine-readable copy of the corresponding source code, to be
1038 distributed under the terms of Sections 1 and 2 above on a medium
1039 customarily used for software interchange; or,
1040

1041 c) Accompany it with the information you received as to the offer to
1042 distribute corresponding source code. (This alternative is allowed
1043 only for noncommercial distribution and only if you received the
1044 program in object code or executable form with such an offer, in
1045 accord with Subsection b above.)
1046

1047 The source code for a work means the preferred form of the work for

1048 making modifications to it. For an executable work, complete source code
1049 means all the source code for all modules it contains, plus any
1050 associated interface definition files, plus the scripts used to control
1051 compilation and installation of the executable. However, as a special
1052 exception, the source code distributed need not include anything that is
1053 normally distributed (in either source or binary form) with the major
1054 components (compiler, kernel, and so on) of the operating system on
1055 which the executable runs, unless that component itself accompanies the
1056 executable.

1057
1058 If distribution of executable or object code is made by offering access
1059 to copy from a designated place, then offering equivalent access to copy
1060 the source code from the same place counts as distribution of the source
1061 code, even though third parties are not compelled to copy the source
1062 along with the object code.

1063
1064 4. You may not copy, modify, sublicense, or distribute the Program
1065 except as expressly provided under this License. Any attempt otherwise
1066 to copy, modify, sublicense or distribute the Program is void, and will
1067 automatically terminate your rights under this License. However, parties
1068 who have received copies, or rights, from you under this License will
1069 not have their licenses terminated so long as such parties remain in
1070 full compliance.

1071
1072 5. You are not required to accept this License, since you have not
1073 signed it. However, nothing else grants you permission to modify or
1074 distribute the Program or its derivative works. These actions are
1075 prohibited by law if you do not accept this License. Therefore, by
1076 modifying or distributing the Program (or any work based on the
1077 Program), you indicate your acceptance of this License to do so, and all
1078 its terms and conditions for copying, distributing or modifying the
1079 Program or works based on it.

1080
1081 6. Each time you redistribute the Program (or any work based on the
1082 Program), the recipient automatically receives a license from the
1083 original licensor to copy, distribute or modify the Program subject to
1084 these terms and conditions. You may not impose any further restrictions
1085 on the recipients' exercise of the rights granted herein. You are not
1086 responsible for enforcing compliance by third parties to this License.

1087
1088 7. If, as a consequence of a court judgment or allegation of patent
1089 infringement or for any other reason (not limited to patent issues),
1090 conditions are imposed on you (whether by court order, agreement or
1091 otherwise) that contradict the conditions of this License, they do not
1092 excuse you from the conditions of this License. If you cannot distribute
1093 so as to satisfy simultaneously your obligations under this License and
1094 any other pertinent obligations, then as a consequence you may not
1095 distribute the Program at all. For example, if a patent license would
1096 not permit royalty-free redistribution of the Program by all those who
1097 receive copies directly or indirectly through you, then the only way you
1098 could satisfy both it and this License would be to refrain entirely from
1099 distribution of the Program.

1100
1101 If any portion of this section is held invalid or unenforceable under
1102 any particular circumstance, the balance of the section is intended to
1103 apply and the section as a whole is intended to apply in other
1104 circumstances.

1105
1106 It is not the purpose of this section to induce you to infringe any
1107 patents or other property right claims or to contest validity of any
1108 such claims; this section has the sole purpose of protecting the
1109 integrity of the free software distribution system, which is implemented
1110 by public license practices. Many people have made generous
1111 contributions to the wide range of software distributed through that
1112 system in reliance on consistent application of that system; it is up to
1113 the author/donor to decide if he or she is willing to distribute
1114 software through any other system and a licensee cannot impose that choice.

1115
1116 This section is intended to make thoroughly clear what is believed to be

1117 a consequence of the rest of this License.
1118

1119 8. If the distribution and/or use of the Program is restricted in
1120 certain countries either by patents or by copyrighted interfaces, the
1121 original copyright holder who places the Program under this License may
1122 add an explicit geographical distribution limitation excluding those
1123 countries, so that distribution is permitted only in or among countries
1124 not thus excluded. In such case, this License incorporates the
1125 limitation as if written in the body of this License.
1126

1127 9. The Free Software Foundation may publish revised and/or new
1128 versions of the General Public License from time to time. Such new
1129 versions will be similar in spirit to the present version, but may
1130 differ in detail to address new problems or concerns.
1131

1132 Each version is given a distinguishing version number. If the Program
1133 specifies a version number of this License which applies to it and "any
1134 later version", you have the option of following the terms and
1135 conditions either of that version or of any later version published by
1136 the Free Software Foundation. If the Program does not specify a version
1137 number of this License, you may choose any version ever published by the
1138 Free Software Foundation.
1139

1140 10. If you wish to incorporate parts of the Program into other free
1141 programs whose distribution conditions are different, write to the
1142 author to ask for permission. For software which is copyrighted by the
1143 Free Software Foundation, write to the Free Software Foundation; we
1144 sometimes make exceptions for this. Our decision will be guided by the
1145 two goals of preserving the free status of all derivatives of our free
1146 software and of promoting the sharing and reuse of software generally.
1147

1148 NO WARRANTY
1149

1150 11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO
1151 WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW.
1152 EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR
1153 OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND,
1154 EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED
1155 WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE
1156 ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH
1157 YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL
1158 NECESSARY SERVICING, REPAIR OR CORRECTION.
1159

1160 12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN
1161 WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY
1162 AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR
1163 DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL
1164 DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM
1165 (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED
1166 INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF
1167 THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR
1168 OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
1169

1170 END OF TERMS AND CONDITIONS
1171

1172 How to Apply These Terms to Your New Programs
1173

1174 If you develop a new program, and you want it to be of the greatest
1175 possible use to the public, the best way to achieve this is to make it
1176 free software which everyone can redistribute and change under these terms.
1177

1178 To do so, attach the following notices to the program. It is safest to
1179 attach them to the start of each source file to most effectively convey
1180 the exclusion of warranty; and each file should have at least the
1181 "copyright" line and a pointer to where the full notice is found.
1182

1183 One line to give the program's name and a brief idea of what it does.
1184 Copyright (C) <year> <name of author>
1185

1186 This program is free software; you can redistribute it and/or modify
1187 it under the terms of the GNU General Public License as published by
1188 the Free Software Foundation; either version 2 of the License, or
1189 (at your option) any later version.
1190
1191 This program is distributed in the hope that it will be useful, but
1192 WITHOUT ANY WARRANTY; without even the implied warranty of
1193 MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the GNU
1194 General Public License for more details.
1195
1196 You should have received a copy of the GNU General Public License
1197 along with this program; if not, write to the Free Software
1198 Foundation, Inc., 51 Franklin Street, Fifth Floor, Boston, MA 02110-1335 USA
1199
1200 Also add information on how to contact you by electronic and paper mail.
1201
1202 If the program is interactive, make it output a short notice like this
1203 when it starts in an interactive mode:
1204
1205 Gnomovision version 69, Copyright (C) year name of author
1206 Gnomovision comes with ABSOLUTELY NO WARRANTY; for details type
1207 `show w'. This is free software, and you are welcome to redistribute
1208 it under certain conditions; type `show c' for details.
1209
1210 The hypothetical commands `show w' and `show c' should show the
1211 appropriate parts of the General Public License. Of course, the commands
1212 you use may be called something other than `show w' and `show c'; they
1213 could even be mouse-clicks or menu items--whatever suits your program.
1214
1215 You should also get your employer (if you work as a programmer) or your
1216 school, if any, to sign a "copyright disclaimer" for the program, if
1217 necessary. Here is a sample; alter the names:
1218
1219 Yoyodyne, Inc., hereby disclaims all copyright interest in the
1220 program `Gnomovision' (which makes passes at compilers) written by
1221 James Hacker.
1222
1223 signature of Ty Coon, 1 April 1989
1224 Ty Coon, President of Vice
1225
1226 This General Public License does not permit incorporating your program
1227 into proprietary programs. If your program is a subroutine library, you
1228 may consider it more useful to permit linking proprietary applications
1229 with the library. If this is what you want to do, use the GNU Library
1230 General Public License instead of this License.
1231
1232

Certain source files distributed by Oracle America, Inc. and/or its
1233 affiliates are subject to the following clarification and special
1234 exception to the GPLv2, based on the GNU Project exception for its
1235 Classpath libraries, known as the GNU Classpath Exception, but only
1236 where Oracle has expressly included in the particular source file's
1237 header the words "Oracle designates this particular file as subject to
1238 the "Classpath" exception as provided by Oracle in the LICENSE file
1239 that accompanied this code."
1240
1241 You should also note that Oracle includes multiple, independent
1242 programs in this software package. Some of those programs are provided
1243 under licenses deemed incompatible with the GPLv2 by the Free Software
1244 Foundation and others. For example, the package includes programs
1245 licensed under the Apache License, Version 2.0. Such programs are
1246 licensed to you under their original licenses.
1247
1248 Oracle facilitates your further distribution of this package by adding
1249 the Classpath Exception to the necessary parts of its GPLv2 code, which
1250 permits you to use that code in combination with other independent
1251 modules not licensed under the GPLv2. However, note that this would
1252 not permit you to commingle code under an incompatible license with
1253 Oracle's GPLv2 licensed code by, for example, cutting and pasting such
1254 code into a file also containing Oracle's GPLv2 licensed code and then

1255 distributing the result. Additionally, if you were to remove the
1256 Classpath Exception from any of the files to which it applies and
1257 distribute the result, you would likely be required to license some or
1258 all of the other code in that distribution under the GPLv2 as well, and
1259 since the GPLv2 is incompatible with the license terms of some items
1260 included in the distribution by Oracle, removing the Classpath
1261 Exception could therefore effectively compromise your ability to
1262 further distribute the package.

1263
1264 Proceed with caution and we recommend that you obtain the advice of a
1265 lawyer skilled in open source matters before removing the Classpath
1266 Exception or making modifications to this package which may
1267 subsequently be redistributed and/or involve the use of third party
1268 software.

1269 CLASSPATH EXCEPTION

1271 Linking this library statically or dynamically with other modules is
1272 making a combined work based on this library. Thus, the terms and
1273 conditions of the GNU General Public License version 2 cover the whole
1274 combination.

1275
1276 As a special exception, the copyright holders of this library give you
1277 permission to link this library with independent modules to produce an
1278 executable, regardless of the license terms of these independent
1279 modules, and to copy and distribute the resulting executable under
1280 terms of your choice, provided that you also meet, for each linked
1281 independent module, the terms and conditions of the license of that
1282 module. An independent module is a module which is not derived from or
1283 based on this library. If you modify this library, you may extend this
1284 exception to your version of the library, but you are not obligated to
1285 do so. If you do not wish to do so, delete this exception statement
1286 from your version.

1355

1356 2. License Grants.

1357

1358 2.1. The Initial Developer Grant.

1359

1360 Conditioned upon Your compliance with Section 3.1 below and subject
1361 to third party intellectual property claims, the Initial Developer
1362 hereby grants You a world-wide, royalty-free, non-exclusive license:
1363

1364 (a) under intellectual property rights (other than patent or
1365 trademark) Licensable by Initial Developer, to use, reproduce,
1366 modify, display, perform, sublicense and distribute the Original
1367 Software (or portions thereof), with or without Modifications,
1368 and/or as part of a Larger Work; and
1369

1370 (b) under Patent Claims infringed by the making, using or selling of
1371 Original Software, to make, have made, use, practice, sell, and

1373 (or portions thereof).
1374

1375 (c) The licenses granted in Sections 2.1(a) and (b) are effective on
1376 the date Initial Developer first distributes or otherwise makes the
1377 Original Software available to a third party under the terms of this
1378 License.
1379

1380 (d) Notwithstanding Section 2.1(b) above, no patent license is
1381 granted: (1) for code that You delete from the Original Software, or
1382 (2) for infringements caused by: (i) the modification of the
1383 Original Software, or (ii) the combination of the Original Software

1391

1392 (a) under intellectual property rights (other than patent or

1393 trademark) Licensable by Contributor to use, reproduce, modify,
1394 display, perform, sublicense and distribute the Modifications
1395 created by such Contributor (or portions thereof), either on an
1396 unmodified basis, with other Modifications, as Covered Software
1397 and/or as part of a Larger Work; and
1398

1399 (b) under Patent Claims infringed by the making, using, or selling
1400 of Modifications made by that Contributor either alone and/or in
1401 combination with its Contributor Version (or portions of such
1402 combination), to make, use, sell, offer for sale, have made, and/or
1403 otherwise dispose of: (1) Modifications made by that Contributor (or
1404 portions thereof); and (2) the combination of Modifications made by

1406 combination).
1407

1420

1421 3. Distribution Obligations.

1422

1423 3.1. Availability of Source Code.

1424

1425 Any Covered Software that You distribute or otherwise make available
1426 in Executable form must also be made available in Source Code form
1427 and that Source Code form must be distributed only under the terms
1428 of this License. You must include a copy of this License with every
1429 copy of the Source Code form of the Covered Software You distribute
1430 or otherwise make available. You must inform recipients of any such
1431 Covered Software in Executable form as to how they can obtain such
1432 Covered Software in Source Code form in a reasonable manner on or
1433 through a medium customarily used for software exchange.
1434

1435 3.2. Modifications.

1436

1437 The Modifications that You create or to which You contribute are
1438 governed by the terms of this License. You represent that You
1439 believe Your Modifications are Your original creation(s) and/or You
1440 have sufficient rights to grant the rights conveyed by this License.
1441

1442 3.3. Required Notices.

1443

1444 You must include a notice in each of Your Modifications that
1445 identifies You as the Contributor of the Modification. You may not
1446 remove or alter any copyright, patent or trademark notices contained
1447 within the Covered Software, or any notices of licensing or any
1448 descriptive text giving attribution to any Contributor or the
1449 Initial Developer.
1450

1451 3.4. Application of Additional Terms.

1452

1453 You may not offer or impose any terms on any Covered Software in
1454 Source Code form that alters or restricts the applicable version of
1455 this License or the recipients' rights hereunder. You may choose to
1456 offer, and to charge a fee for, warranty, support, indemnity or
1457 liability obligations to one or more recipients of Covered Software.
1458 However, you may do so only on Your own behalf, and not on behalf of
1459 the Initial Developer or any Contributor. You must make it
1460 absolutely clear that any such warranty, support, indemnity or
1461 liability obligation is offered by You alone, and You hereby agree

1462 to indemnify the Initial Developer and every Contributor for any
1463 liability incurred by the Initial Developer or such Contributor as a
1464 result of warranty, support, indemnity or liability terms You offer.
1465

1466 3.5. Distribution of Executable Versions.

1467
1468 You may distribute the Executable form of the Covered Software under
1469 the terms of this License or under the terms of a license of Your
1470 choice, which may contain terms different from this License,
1471 provided that You are in compliance with the terms of this License
1472 and that the license for the Executable form does not attempt to
1473 limit or alter the recipient's rights in the Source Code form from
1474 the rights set forth in this License. If You distribute the Covered
1475 Software in Executable form under a different license, You must make
1476 it absolutely clear that any terms which differ from this License
1477 are offered by You alone, not by the Initial Developer or
1478 Contributor. You hereby agree to indemnify the Initial Developer and
1479 every Contributor for any liability incurred by the Initial
1480 Developer or such Contributor as a result of any such terms You offer.
1481

1482 3.6. Larger Works.

1483
1484 You may create a Larger Work by combining Covered Software with
1485 other code not governed by the terms of this License and distribute
1486 the Larger Work as a single product. In such a case, You must make
1487 sure the requirements of this License are fulfilled for the Covered
1488 Software.
1489

1490 4. Versions of the License.

1491 4.1. New Versions.

1492
1493 Oracle is the initial license steward and may publish revised and/or
1494 new versions of this License from time to time. Each version will be
1495 given a distinguishing version number. Except as provided in Section
1496 4.3, no one other than the license steward has the right to modify
1497 this License.
1498
1499

1500 4.2. Effect of New Versions.

1501
1502 You may always continue to use, distribute or otherwise make the
1503 Covered Software available under the terms of the version of the
1504 License under which You originally received the Covered Software. If
1505 the Initial Developer includes a notice in the Original Software
1506 prohibiting it from being distributed or otherwise made available
1507 under any subsequent version of the License, You must distribute and
1508 make the Covered Software available under the terms of the version
1509 of the License under which You originally received the Covered
1510 Software. Otherwise, You may also choose to use, distribute or
1511 otherwise make the Covered Software available under the terms of any
1512 subsequent version of the License published by the license steward.
1513

1514 4.3. Modified Versions.

1515
1516 When You are an Initial Developer and You want to create a new
1517 license for Your Original Software, You may create and use a
1518 modified version of this License if You: (a) rename the license and
1519 remove any references to the name of the license steward (except to
1520 note that the license differs from this License); and (b) otherwise
1521 make it clear that the license contains terms which differ from this
1522 License.
1523

1524 5. DISCLAIMER OF WARRANTY.

1525
1526 COVERED SOFTWARE IS PROVIDED UNDER THIS LICENSE ON AN "AS IS" BASIS,
1527 WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED,
1528 INCLUDING, WITHOUT LIMITATION, WARRANTIES THAT THE COVERED SOFTWARE
1529 IS FREE OF DEFECTS, MERCHANTABILITY, FIT FOR A PARTICULAR PURPOSE OR
1530 NON-INFRINGEMENT. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF

1531 THE COVERED SOFTWARE IS WITH YOU. SHOULD ANY COVERED SOFTWARE PROVE
1532 DEFECTIVE IN ANY RESPECT, YOU (NOT THE INITIAL DEVELOPER OR ANY
1533 OTHER CONTRIBUTOR) ASSUME THE COST OF ANY NECESSARY SERVICING,
1534 REPAIR OR CORRECTION. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN
1535 ESSENTIAL PART OF THIS LICENSE. NO USE OF ANY COVERED SOFTWARE IS
1536 AUTHORIZED HEREUNDER EXCEPT UNDER THIS DISCLAIMER.
1537

1538 6. TERMINATION.

1539
1540 6.1. This License and the rights granted hereunder will terminate
1541 automatically if You fail to comply with terms herein and fail to
1542 cure such breach within 30 days of becoming aware of the breach.
1543 Provisions which, by their nature, must remain in effect beyond the
1544 termination of this License shall survive.
1545

1546 6.2. If You assert a patent infringement claim (excluding
1547 declaratory judgment actions) against Initial Developer or a
1548 Contributor (the Initial Developer or Contributor against whom You
1549 assert such claim is referred to as "Participant") alleging that the
1550 Participant Software (meaning the Contributor Version where the
1551 Participant is a Contributor or the Original Software where the
1552 Participant is the Initial Developer) directly or indirectly
1553 infringes any patent, then any and all rights granted directly or
1554 indirectly to You by such Participant, the Initial Developer (if the
1555 Initial Developer is not the Participant) and all Contributors under
1556 Sections 2.1 and/or 2.2 of this License shall, upon 60 days notice
1557 from Participant terminate prospectively and automatically at the
1558 expiration of such 60 day notice period, unless if within such 60
1559 day period You withdraw Your claim with respect to the Participant
1560 Software against such Participant either unilaterally or pursuant to
1561 a written agreement with Participant.
1562

1563 6.3. If You assert a patent infringement claim against Participant
1564 alleging that the Participant Software directly or indirectly
1565 infringes any patent where such claim is resolved (such as by
1566 license or settlement) prior to the initiation of patent
1567 infringement litigation, then the reasonable value of the licenses
1568 granted by such Participant under Sections 2.1 or 2.2 shall be taken
1569 into account in determining the amount or value of any payment or
1570 license.
1571

1572 6.4. In the event of termination under Sections 6.1 or 6.2 above,
1573 all end user licenses that have been validly granted by You or any
1574 distributor hereunder prior to termination (excluding licenses
1575 granted to You by any distributor) shall survive termination.
1576

1577 7. LIMITATION OF LIABILITY.

1578
1579 UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, WHETHER TORT
1580 (INCLUDING NEGLIGENCE), CONTRACT, OR OTHERWISE, SHALL YOU, THE
1581 INITIAL DEVELOPER, ANY OTHER CONTRIBUTOR, OR ANY DISTRIBUTOR OF
1582 COVERED SOFTWARE, OR ANY SUPPLIER OF ANY OF SUCH PARTIES, BE LIABLE
1583 TO ANY PERSON FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR
1584 CONSEQUENTIAL DAMAGES OF ANY CHARACTER INCLUDING, WITHOUT
1585 LIMITATION, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER
1586 FAILURE OR MALFUNCTION, OR ANY AND ALL OTHER COMMERCIAL DAMAGES OR
1587 LOSSES, EVEN IF SUCH PARTY SHALL HAVE BEEN INFORMED OF THE
1588 POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY SHALL NOT
1589 APPLY TO LIABILITY FOR DEATH OR PERSONAL INJURY RESULTING FROM SUCH
1590 PARTY'S NEGLIGENCE TO THE EXTENT APPLICABLE LAW PROHIBITS SUCH
1591 LIMITATION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR
1592 LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS EXCLUSION
1593 AND LIMITATION MAY NOT APPLY TO YOU.
1594

1595 8. U.S. GOVERNMENT END USERS.

1596
1597 The Covered Software is a "commercial item," as that term is defined
1598 in 48 C.F.R. 2.101 (Oct. 1995), consisting of "commercial computer
1599 software" (as that term is defined at 48 C.F.R. ?

1600 252.227-7014(a)(1)) and "commercial computer software documentation"
1601 as such terms are used in 48 C.F.R. 12.212 (Sept. 1995). Consistent
1602 with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4
1603 (June 1995), all U.S. Government End Users acquire Covered Software
1604 with only those rights set forth herein. This U.S. Government Rights
1605 clause is in lieu of, and supersedes, any other FAR, DFAR, or other
1606 clause or provision that addresses Government rights in computer
1607 software under this License.
1608

1609 9. MISCELLANEOUS.

1610
1611 This License represents the complete agreement concerning subject
1612 matter hereof. If any provision of this License is held to be
1613 unenforceable, such provision shall be reformed only to the extent
1614 necessary to make it enforceable. This License shall be governed by
1615 the law of the jurisdiction specified in a notice contained within
1616 the Original Software (except to the extent applicable law, if any,
1617 provides otherwise), excluding such jurisdiction's conflict-of-law
1618 provisions. Any litigation relating to this License shall be subject
1619 to the jurisdiction of the courts located in the jurisdiction and
1620 venue specified in a notice contained within the Original Software,
1621 with the losing party responsible for costs, including, without
1622 limitation, court costs and reasonable attorneys' fees and expenses.
1623 The application of the United Nations Convention on Contracts for
1624 the International Sale of Goods is expressly excluded. Any law or
1625 regulation which provides that the language of a contract shall be
1626 construed against the drafter shall not apply to this License. You
1627 agree that You alone are responsible for compliance with the United
1628 States export administration regulations (and the export control
1629 laws and regulation of any other countries) when You use, distribute
1630 or otherwise make available any Covered Software.
1631

1632 10. RESPONSIBILITY FOR CLAIMS.

1633
1634 As between Initial Developer and the Contributors, each party is
1635 responsible for claims and damages arising, directly or indirectly,
1636 out of its utilization of rights under this License and You agree to
1637 work with Initial Developer and Contributors to distribute such
1638 responsibility on an equitable basis. Nothing herein is intended or
1639 shall be deemed to constitute any admission of liability.
1640

1641 NOTICE PURSUANT TO SECTION 9 OF THE COMMON DEVELOPMENT AND DISTRIBUTION LICENSE (CDDL)
1642 The code released under the CDDL shall be governed by the laws of the
1643 State of California (excluding conflict-of-law provisions). Any
1644 litigation relating to this License shall be subject to the jurisdiction
1645 of the Federal Courts of the Northern District of California and the
1646 state courts of the State of California, with venue lying in Santa Clara
1647 County, California.

1655 Everyone is permitted to copy and distribute verbatim copies
1656 of this license document, but changing it is not allowed.
1657

1658 Preamble

1659
1660 The licenses for most software are designed to take away your freedom to
1661 share and change it. By contrast, the GNU General Public License is
1662 intended to guarantee your freedom to share and change free software--to
1663 make sure the software is free for all its users. This General Public
1664 License applies to most of the Free Software Foundation's software and
1665 to any other program whose authors commit to using it. (Some other Free
1666 Software Foundation software is covered by the GNU Library General
1667 Public License instead.) You can apply it to your programs, too.
1668

1669 When we speak of free software, we are referring to freedom, not price.
1670 Our General Public Licenses are designed to make sure that you have the
1671 freedom to distribute copies of free software (and charge for this
1672 service if you wish), that you receive source code or can get it if you
1673 want it, that you can change the software or use pieces of it in new
1674 free programs; and that you know you can do these things.

1675
1676 To protect your rights, we need to make restrictions that forbid anyone
1677 to deny you these rights or to ask you to surrender the rights. These
1678 restrictions translate to certain responsibilities for you if you
1679 distribute copies of the software, or if you modify it.

1680
1681 For example, if you distribute copies of such a program, whether gratis
1682 or for a fee, you must give the recipients all the rights that you have.
1683 You must make sure that they, too, receive or can get the source code.
1684 And you must show them these terms so they know their rights.

1685
1686 We protect your rights with two steps: (1) copyright the software, and
1687 (2) offer you this license which gives you legal permission to copy,
1688 distribute and/or modify the software.

1689
1690 Also, for each author's protection and ours, we want to make certain
1691 that everyone understands that there is no warranty for this free
1692 software. If the software is modified by someone else and passed on, we
1693 want its recipients to know that what they have is not the original, so
1694 that any problems introduced by others will not reflect on the original
1695 authors' reputations.

1696
1697 Finally, any free program is threatened constantly by software patents.
1698 We wish to avoid the danger that redistributors of a free program will
1699 individually obtain patent licenses, in effect making the program
1700 proprietary. To prevent this, we have made it clear that any patent must
1701 be licensed for everyone's free use or not licensed at all.

1702
1703 The precise terms and conditions for copying, distribution and
1704 modification follow.

1705 1706 TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

1707
1708 0. This License applies to any program or other work which contains a
1709 notice placed by the copyright holder saying it may be distributed under
1710 the terms of this General Public License. The "Program", below, refers
1711 to any such program or work, and a "work based on the Program" means
1712 either the Program or any derivative work under copyright law: that is
1713 to say, a work containing the Program or a portion of it, either
1714 verbatim or with modifications and/or translated into another language.
1715 (Hereinafter, translation is included without limitation in the term
1716 "modification".) Each licensee is addressed as "you".

1717
1718 Activities other than copying, distribution and modification are not
1719 covered by this License; they are outside its scope. The act of running
1720 the Program is not restricted, and the output from the Program is
1721 covered only if its contents constitute a work based on the Program
1722 (independent of having been made by running the Program). Whether that
1723 is true depends on what the Program does.

1724
1725 1. You may copy and distribute verbatim copies of the Program's source
1726 code as you receive it, in any medium, provided that you conspicuously
1727 and appropriately publish on each copy an appropriate copyright notice
1728 and disclaimer of warranty; keep intact all the notices that refer to
1729 this License and to the absence of any warranty; and give any other
1730 recipients of the Program a copy of this License along with the Program.

1731
1732 You may charge a fee for the physical act of transferring a copy, and
1733 you may at your option offer warranty protection in exchange for a fee.

1734
1735 2. You may modify your copy or copies of the Program or any portion of
1736 it, thus forming a work based on the Program, and copy and distribute
1737 such modifications or work under the terms of Section 1 above, provided

1738 that you also meet all of these conditions:

1739

1740 a) You must cause the modified files to carry prominent notices
1741 stating that you changed the files and the date of any change.

1742

1743 b) You must cause any work that you distribute or publish, that in
1744 whole or in part contains or is derived from the Program or any part
1745 thereof, to be licensed as a whole at no charge to all third parties
1746 under the terms of this License.

1747

1748 c) If the modified program normally reads commands interactively
1749 when run, you must cause it, when started running for such
1750 interactive use in the most ordinary way, to print or display an
1751 announcement including an appropriate copyright notice and a notice
1752 that there is no warranty (or else, saying that you provide a
1753 warranty) and that users may redistribute the program under these
1754 conditions, and telling the user how to view a copy of this License.
1755 (Exception: if the Program itself is interactive but does not
1756 normally print such an announcement, your work based on the Program
1757 is not required to print an announcement.)

1758

1759 These requirements apply to the modified work as a whole. If
1760 identifiable sections of that work are not derived from the Program, and
1761 can be reasonably considered independent and separate works in
1762 themselves, then this License, and its terms, do not apply to those
1763 sections when you distribute them as separate works. But when you
1764 distribute the same sections as part of a whole which is a work based on
1765 the Program, the distribution of the whole must be on the terms of this
1766 License, whose permissions for other licensees extend to the entire
1767 whole, and thus to each and every part regardless of who wrote it.

1768

1769 Thus, it is not the intent of this section to claim rights or contest
1770 your rights to work written entirely by you; rather, the intent is to
1771 exercise the right to control the distribution of derivative or
1772 collective works based on the Program.

1773

1774 In addition, mere aggregation of another work not based on the Program
1775 with the Program (or with a work based on the Program) on a volume of a
1776 storage or distribution medium does not bring the other work under the
1777 scope of this License.

1778

1779 3. You may copy and distribute the Program (or a work based on it,
1780 under Section 2) in object code or executable form under the terms of
1781 Sections 1 and 2 above provided that you also do one of the following:

1782

1783 a) Accompany it with the complete corresponding machine-readable
1784 source code, which must be distributed under the terms of Sections 1
1785 and 2 above on a medium customarily used for software interchange; or,

1786

1787 b) Accompany it with a written offer, valid for at least three
1788 years, to give any third party, for a charge no more than your cost
1789 of physically performing source distribution, a complete
1790 machine-readable copy of the corresponding source code, to be
1791 distributed under the terms of Sections 1 and 2 above on a medium
1792 customarily used for software interchange; or,

1793

1794 c) Accompany it with the information you received as to the offer to
1795 distribute corresponding source code. (This alternative is allowed
1796 only for noncommercial distribution and only if you received the
1797 program in object code or executable form with such an offer, in
1798 accord with Subsection b above.)

1799

1800 The source code for a work means the preferred form of the work for
1801 making modifications to it. For an executable work, complete source code
1802 means all the source code for all modules it contains, plus any
1803 associated interface definition files, plus the scripts used to control
1804 compilation and installation of the executable. However, as a special
1805 exception, the source code distributed need not include anything that is
1806 normally distributed (in either source or binary form) with the major

1807 components (compiler, kernel, and so on) of the operating system on
1808 which the executable runs, unless that component itself accompanies the
1809 executable.

1810
1811 If distribution of executable or object code is made by offering access
1812 to copy from a designated place, then offering equivalent access to copy
1813 the source code from the same place counts as distribution of the source
1814 code, even though third parties are not compelled to copy the source
1815 along with the object code.

1816
1817 4. You may not copy, modify, sublicense, or distribute the Program
1818 except as expressly provided under this License. Any attempt otherwise
1819 to copy, modify, sublicense or distribute the Program is void, and will
1820 automatically terminate your rights under this License. However, parties
1821 who have received copies, or rights, from you under this License will
1822 not have their licenses terminated so long as such parties remain in
1823 full compliance.

1824
1825 5. You are not required to accept this License, since you have not
1826 signed it. However, nothing else grants you permission to modify or
1827 distribute the Program or its derivative works. These actions are
1828 prohibited by law if you do not accept this License. Therefore, by
1829 modifying or distributing the Program (or any work based on the
1830 Program), you indicate your acceptance of this License to do so, and all
1831 its terms and conditions for copying, distributing or modifying the
1832 Program or works based on it.

1833
1834 6. Each time you redistribute the Program (or any work based on the
1835 Program), the recipient automatically receives a license from the
1836 original licensor to copy, distribute or modify the Program subject to
1837 these terms and conditions. You may not impose any further restrictions
1838 on the recipients' exercise of the rights granted herein. You are not
1839 responsible for enforcing compliance by third parties to this License.

1840
1841 7. If, as a consequence of a court judgment or allegation of patent
1842 infringement or for any other reason (not limited to patent issues),
1843 conditions are imposed on you (whether by court order, agreement or
1844 otherwise) that contradict the conditions of this License, they do not
1845 excuse you from the conditions of this License. If you cannot distribute
1846 so as to satisfy simultaneously your obligations under this License and
1847 any other pertinent obligations, then as a consequence you may not
1848 distribute the Program at all. For example, if a patent license would
1849 not permit royalty-free redistribution of the Program by all those who
1850 receive copies directly or indirectly through you, then the only way you
1851 could satisfy both it and this License would be to refrain entirely from
1852 distribution of the Program.

1853
1854 If any portion of this section is held invalid or unenforceable under
1855 any particular circumstance, the balance of the section is intended to
1856 apply and the section as a whole is intended to apply in other
1857 circumstances.

1858
1859 It is not the purpose of this section to induce you to infringe any
1860 patents or other property right claims or to contest validity of any
1861 such claims; this section has the sole purpose of protecting the
1862 integrity of the free software distribution system, which is implemented
1863 by public license practices. Many people have made generous
1864 contributions to the wide range of software distributed through that
1865 system in reliance on consistent application of that system; it is up to
1866 the author/donor to decide if he or she is willing to distribute
1867 software through any other system and a licensee cannot impose that choice.

1868
1869 This section is intended to make thoroughly clear what is believed to be
1870 a consequence of the rest of this License.

1871
1872 8. If the distribution and/or use of the Program is restricted in
1873 certain countries either by patents or by copyrighted interfaces, the
1874 original copyright holder who places the Program under this License may
1875 add an explicit geographical distribution limitation excluding those

1876 countries, so that distribution is permitted only in or among countries
1877 not thus excluded. In such case, this License incorporates the
1878 limitation as if written in the body of this License.

1879
1880 9. The Free Software Foundation may publish revised and/or new
1881 versions of the General Public License from time to time. Such new
1882 versions will be similar in spirit to the present version, but may
1883 differ in detail to address new problems or concerns.

1884
1885 Each version is given a distinguishing version number. If the Program
1886 specifies a version number of this License which applies to it and "any
1887 later version", you have the option of following the terms and
1888 conditions either of that version or of any later version published by
1889 the Free Software Foundation. If the Program does not specify a version
1890 number of this License, you may choose any version ever published by the
1891 Free Software Foundation.

1892
1893 10. If you wish to incorporate parts of the Program into other free
1894 programs whose distribution conditions are different, write to the
1895 author to ask for permission. For software which is copyrighted by the
1896 Free Software Foundation, write to the Free Software Foundation; we
1897 sometimes make exceptions for this. Our decision will be guided by the
1898 two goals of preserving the free status of all derivatives of our free
1899 software and of promoting the sharing and reuse of software generally.

1900
1901 NO WARRANTY

1902
1903 11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO
1904 WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW.
1905 EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR
1906 OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND,
1907 EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED
1908 WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE
1909 ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH
1910 YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL
1911 NECESSARY SERVICING, REPAIR OR CORRECTION.

1912
1913 12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN
1914 WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY
1915 AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR
1916 DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL
1917 DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM
1918 (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED
1919 INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF
1920 THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR
1921 OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

1923 END OF TERMS AND CONDITIONS

1924
1925 How to Apply These Terms to Your New Programs

1926
1927 If you develop a new program, and you want it to be of the greatest
1928 possible use to the public, the best way to achieve this is to make it
1929 free software which everyone can redistribute and change under these terms.

1930
1931 To do so, attach the following notices to the program. It is safest to
1932 attach them to the start of each source file to most effectively convey
1933 the exclusion of warranty; and each file should have at least the
1934 "copyright" line and a pointer to where the full notice is found.

1935
1936 One line to give the program's name and a brief idea of what it does.
1937 Copyright (C) <year> <name of author>

1938
1939 This program is free software; you can redistribute it and/or modify
1940 it under the terms of the GNU General Public License as published by
1941 the Free Software Foundation; either version 2 of the License, or
1942 (at your option) any later version.

1943
1944 This program is distributed in the hope that it will be useful, but

1945 WITHOUT ANY WARRANTY; without even the implied warranty of
1946 MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the GNU
1947 General Public License for more details.

1948
1949 You should have received a copy of the GNU General Public License
1950 along with this program; if not, write to the Free Software
1951 Foundation, Inc., 51 Franklin Street, Fifth Floor, Boston, MA 02110-1335 USA
1952

1953 Also add information on how to contact you by electronic and paper mail.

1954
1955 If the program is interactive, make it output a short notice like this
1956 when it starts in an interactive mode:

1957
1958 Gnomovision version 69, Copyright (C) year name of author
1959 Gnomovision comes with ABSOLUTELY NO WARRANTY; for details type
1960 `show w'. This is free software, and you are welcome to redistribute
1961 it under certain conditions; type `show c' for details.

1962
1963 The hypothetical commands `show w' and `show c' should show the
1964 appropriate parts of the General Public License. Of course, the commands
1965 you use may be called something other than `show w' and `show c'; they
1966 could even be mouse-clicks or menu items--whatever suits your program.

1967
1968 You should also get your employer (if you work as a programmer) or your
1969 school, if any, to sign a "copyright disclaimer" for the program, if
1970 necessary. Here is a sample; alter the names:

1971
1972 Yoyodyne, Inc., hereby disclaims all copyright interest in the
1973 program `Gnomovision' (which makes passes at compilers) written by
1974 James Hacker.

1975
1976 signature of Ty Coon, 1 April 1989
1977 Ty Coon, President of Vice
1978

1979 This General Public License does not permit incorporating your program
1980 into proprietary programs. If your program is a subroutine library, you
1981 may consider it more useful to permit linking proprietary applications
1982 with the library. If this is what you want to do, use the GNU Library
1983 General Public License instead of this License.

1984
1985

Certain source files distributed by Oracle America, Inc. and/or its
1986 affiliates are subject to the following clarification and special
1987 exception to the GPLv2, based on the GNU Project exception for its
1988 Classpath libraries, known as the GNU Classpath Exception, but only
1989 where Oracle has expressly included in the particular source file's
1990 header the words "Oracle designates this particular file as subject to
1991 the "Classpath" exception as provided by Oracle in the LICENSE file
1992 that accompanied this code."
1993

1994 You should also note that Oracle includes multiple, independent
1995 programs in this software package. Some of those programs are provided
1996 under licenses deemed incompatible with the GPLv2 by the Free Software
1997 Foundation and others. For example, the package includes programs
1998 licensed under the Apache License, Version 2.0. Such programs are
1999 licensed to you under their original licenses.

2000
2001 Oracle facilitates your further distribution of this package by adding
2002 the Classpath Exception to the necessary parts of its GPLv2 code, which
2003 permits you to use that code in combination with other independent
2004 modules not licensed under the GPLv2. However, note that this would
2005 not permit you to commingle code under an incompatible license with
2006 Oracle's GPLv2 licensed code by, for example, cutting and pasting such
2007 code into a file also containing Oracle's GPLv2 licensed code and then
2008 distributing the result. Additionally, if you were to remove the
2009 Classpath Exception from any of the files to which it applies and
2010 distribute the result, you would likely be required to license some or
2011 all of the other code in that distribution under the GPLv2 as well, and
2012 since the GPLv2 is incompatible with the license terms of some items
2013 included in the distribution by Oracle, removing the Classpath

2014 Exception could therefore effectively compromise your ability to
2015 further distribute the package.

2016
2017 Proceed with caution and we recommend that you obtain the advice of a
2018 lawyer skilled in open source matters before removing the Classpath
2019 Exception or making modifications to this package which may
2020 subsequently be redistributed and/or involve the use of third party
2021 software.

2022
2023 CLASSPATH EXCEPTION
2024 Linking this library statically or dynamically with other modules is
2025 making a combined work based on this library. Thus, the terms and
2026 conditions of the GNU General Public License version 2 cover the whole
2027 combination.

2028
2029 As a special exception, the copyright holders of this library give you
2030 permission to link this library with independent modules to produce an
2031 executable, regardless of the license terms of these independent
2032 modules, and to copy and distribute the resulting executable under
2033 terms of your choice, provided that you also meet, for each linked
2034 independent module, the terms and conditions of the license of that
2035 module. An independent module is a module which is not derived from or
2036 based on this library. If you modify this library, you may extend this
2037 exception to your version of the library, but you are not obligated to
2038 do so. If you do not wish to do so, delete this exception statement
2039 from your version.

2097 TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

2098
2099 1. Definitions.

2100
2101 "License" shall mean the terms and conditions for use, reproduction, and distribution
2102 as defined by Sections 1 through 9 of this document.

2103
2104 "Licensor" shall mean the copyright owner or entity authorized by the copyright owner
2105 that is granting the License.

2106
2107 "Legal Entity" shall mean the union of the acting entity and all other entities that
2108 control, are controlled by, or are under common control with that entity. For the
2109 purposes of this definition, "control" means (i) the power, direct or indirect, to
2110 cause the direction or management of such entity, whether by contract or otherwise, or
2111 (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii)
2112 beneficial ownership of such entity.

2113
2114 "You" (or "Your") shall mean an individual or Legal Entity exercising permissions
2115 granted by this License.

2116
2117 "Source" form shall mean the preferred form for making modifications, including but not
2118 limited to software source code, documentation source, and configuration files.

2119
2120 "Object" form shall mean any form resulting from mechanical transformation or
2121 translation of a Source form, including but not limited to compiled object code,
2122 generated documentation, and conversions to other media types.

2123
2124 "Work" shall mean the work of authorship, whether in Source or Object form, made
2125 available under the License, as indicated by a copyright notice that is included in or
2126 attached to the work (an example is provided in the Appendix below).

2127
2128 "Derivative Works" shall mean any work, whether in Source or Object form, that is based
2129 on (or derived from) the Work and for which the editorial revisions, annotations,
2130 elaborations, or other modifications represent, as a whole, an original work of
2131 authorship. For the purposes of this License, Derivative Works shall not include works
2132 that remain separable from, or merely link (or bind by name) to the interfaces of, the
2133 Work and Derivative Works thereof.

2134
2135 "Contribution" shall mean any work of authorship, including the original version of the
2136 Work and any modifications or additions to that Work or Derivative Works thereof, that
2137 is intentionally submitted to Licensor for inclusion in the Work by the copyright owner
2138 or by an individual or Legal Entity authorized to submit on behalf of the copyright
2139 owner. For the purposes of this definition, "submitted" means any form of electronic,
2140 verbal, or written communication sent to the Licensor or its representatives, including
2141 but not limited to communication on electronic mailing lists, source code control
2142 systems, and issue tracking systems that are managed by, or on behalf of, the Licensor
2143 for the purpose of discussing and improving the Work, but excluding communication that
2144 is conspicuously marked or otherwise designated in writing by the copyright owner as
2145 "Not a Contribution."

2146
2147 "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom
2148 a Contribution has been received by Licensor and subsequently incorporated within the
2149 Work.

2150
2151 2. Grant of Copyright License. Subject to the terms and conditions of this License,

each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

2122

2123 3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

2124

2125 4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

2126 a. You must give any other recipients of the Work or Derivative Works a copy of this License; and

2127 b. You must cause any modified files to carry prominent notices stating that You changed the files; and

2128 c. You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

2129 d. If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

2130

2131 You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

2132

2133 5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

2134

2135 6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

2136

2137 7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

2138

2139 8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such

as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

2140

2141

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

THE ACCOMPANYING PROGRAM IS PROVIDED UNDER THE TERMS OF THIS ECLIPSE PUBLIC LICENSE ("AGREEMENT"). ANY USE, REPRODUCTION OR DISTRIBUTION OF THE PROGRAM CONSTITUTES RECIPIENT ACCEPTANCE OF THIS AGREEMENT.

2177

2178

1. DEFINITIONS

2179

2180

"Contribution" means:

2181

2182

2183

a) in the case of the initial Contributor, the initial code and documentation distributed under this Agreement, and

2184

2185

b) in the case of each subsequent Contributor:

2186

2187

i) changes to the Program, and

2188

2189

ii) additions to the Program;

2190

2191

where such changes and/or additions to the Program originate from and are distributed

by that particular Contributor. A Contribution 'originates' from a Contributor if it was added to the Program by such Contributor itself or anyone acting on such Contributor's behalf. Contributions do not include additions to the Program which: (i) are separate modules of software distributed in conjunction with the Program under their own license agreement, and (ii) are not derivative works of the Program.

2192
2193 "Contributor" means any person or entity that distributes the Program.

2194
2195 "Licensed Patents " mean patent claims licensable by a Contributor which are necessarily infringed by the use or sale of its Contribution alone or when combined with the Program.

2196
2197 "Program" means the Contributions distributed in accordance with this Agreement.

2198
2199 "Recipient" means anyone who receives the Program under this Agreement, including all Contributors.

2200
2201 2. GRANT OF RIGHTS

2202
2203 a) Subject to the terms of this Agreement, each Contributor hereby grants Recipient a non-exclusive, worldwide, royalty-free copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, distribute and sublicense the Contribution of such Contributor, if any, and such derivative works, in source code and object code form.

2204
2205 b) Subject to the terms of this Agreement, each Contributor hereby grants Recipient a non-exclusive, worldwide, royalty-free patent license under Licensed Patents to make, use, sell, offer to sell, import and otherwise transfer the Contribution of such Contributor, if any, in source code and object code form. This patent license shall apply to the combination of the Contribution and the Program if, at the time the Contribution is added by the Contributor, such addition of the Contribution causes such combination to be covered by the Licensed Patents. The patent license shall not apply to any other combinations which include the Contribution. No hardware per se is licensed hereunder.

2206
2207 c) Recipient understands that although each Contributor grants the licenses to its Contributions set forth herein, no assurances are provided by any Contributor that the Program does not infringe the patent or other intellectual property rights of any other entity. Each Contributor disclaims any liability to Recipient for claims brought by any other entity based on infringement of intellectual property rights or otherwise. As a condition to exercising the rights and licenses granted hereunder, each Recipient hereby assumes sole responsibility to secure any other intellectual property rights needed, if any. For example, if a third party patent license is required to allow Recipient to distribute the Program, it is Recipient's responsibility to acquire that license before distributing the Program.

2208
2209 d) Each Contributor represents that to its knowledge it has sufficient copyright rights in its Contribution, if any, to grant the copyright license set forth in this Agreement.

2210
2211 3. REQUIREMENTS

2212
2213 A Contributor may choose to distribute the Program in object code form under its own license agreement, provided that:

2214
2215 a) it complies with the terms and conditions of this Agreement; and

2216
2217 b) its license agreement:

2218
2219 i) effectively disclaims on behalf of all Contributors all warranties and conditions, express and implied, including warranties or conditions of title and non-infringement, and implied warranties or conditions of merchantability and fitness for a particular purpose;

2220
2221 ii) effectively excludes on behalf of all Contributors all liability for damages, including direct, indirect, special, incidental and consequential damages, such as lost profits;

2222
2223 iii) states that any provisions which differ from this Agreement are offered by that

Contributor alone and not by any other party; and

2225

2226

iv) states that source code for the Program is available from such Contributor, and informs licensees how to obtain it in a reasonable manner on or through a medium customarily used for software exchange.

2227

2228

When the Program is made available in source code form:

2229

2230

2231

a) it must be made available under this Agreement; and

2232

2233

b) a copy of this Agreement must be included with each copy of the Program.

2234

2235

Contributors may not remove or alter any copyright notices contained within the Program.

2236

2237

Each Contributor must identify itself as the originator of its Contribution, if any, in a manner that reasonably allows subsequent Recipients to identify the originator of the Contribution.

2238

2239

4. COMMERCIAL DISTRIBUTION

2240

2241

Commercial distributors of software may accept certain responsibilities with respect to end users, business partners and the like. While this license is intended to facilitate the commercial use of the Program, the Contributor who includes the Program in a commercial product offering should do so in a manner which does not create potential liability for other Contributors. Therefore, if a Contributor includes the Program in a commercial product offering, such Contributor ("Commercial Contributor") hereby agrees to defend and indemnify every other Contributor ("Indemnified Contributor") against any losses, damages and costs (collectively "Losses") arising from claims, lawsuits and other legal actions brought by a third party against the Indemnified Contributor to the extent caused by the acts or omissions of such Commercial Contributor in connection with its distribution of the Program in a commercial product offering. The obligations in this section do not apply to any claims or Losses relating to any actual or alleged intellectual property infringement. In order to qualify, an Indemnified Contributor must: a) promptly notify the Commercial Contributor in writing of such claim, and b) allow the Commercial Contributor to control, and cooperate with the Commercial Contributor in, the defense and any related settlement negotiations. The Indemnified Contributor may participate in any such claim at its own expense.

2242

2243

For example, a Contributor might include the Program in a commercial product offering, Product X. That Contributor is then a Commercial Contributor. If that Commercial Contributor then makes performance claims, or offers warranties related to Product X, those performance claims and warranties are such Commercial Contributor's responsibility alone. Under this section, the Commercial Contributor would have to defend claims against the other Contributors related to those performance claims and warranties, and if a court requires any other Contributor to pay any damages as a result, the Commercial Contributor must pay those damages.

2244

2245

5. NO WARRANTY

2246

2247

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE PROGRAM IS PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, EITHER EXPRESS OR IMPLIED INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OR CONDITIONS OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Each Recipient is solely responsible for determining the appropriateness of using and distributing the Program and assumes all risks associated with its exercise of rights under this Agreement, including but not limited to the risks and costs of program errors, compliance with applicable laws, damage to or loss of data, programs or equipment, and unavailability or interruption of operations.

2248

2249

6. DISCLAIMER OF LIABILITY

2250

2251

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, NEITHER RECIPIENT NOR ANY CONTRIBUTORS SHALL HAVE ANY LIABILITY FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION LOST PROFITS), HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OR DISTRIBUTION OF THE PROGRAM OR THE EXERCISE OF ANY RIGHTS GRANTED HEREUNDER, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

2252
2253 7. GENERAL
2254
2255 If any provision of this Agreement is invalid or unenforceable under applicable law, it shall not affect the validity or enforceability of the remainder of the terms of this Agreement, and without further action by the parties hereto, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable.

2256
2257 If Recipient institutes patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Program itself (excluding combinations of the Program with other software or hardware) infringes such Recipient's patent(s), then such Recipient's rights granted under Section 2(b) shall terminate as of the date such litigation is filed.

2258
2259 All Recipient's rights under this Agreement shall terminate if it fails to comply with any of the material terms or conditions of this Agreement and does not cure such failure in a reasonable period of time after becoming aware of such noncompliance. If all Recipient's rights under this Agreement terminate, Recipient agrees to cease use and distribution of the Program as soon as reasonably practicable. However, Recipient's obligations under this Agreement and any licenses granted by Recipient relating to the Program shall continue and survive.

2260
2261 Everyone is permitted to copy and distribute copies of this Agreement, but in order to avoid inconsistency the Agreement is copyrighted and may only be modified in the following manner. The Agreement Steward reserves the right to publish new versions (including revisions) of this Agreement from time to time. No one other than the Agreement Steward has the right to modify this Agreement. The Eclipse Foundation is the initial Agreement Steward. The Eclipse Foundation may assign the responsibility to serve as the Agreement Steward to a suitable separate entity. Each new version of the Agreement will be given a distinguishing version number. The Program (including Contributions) may always be distributed subject to the version of the Agreement under which it was received. In addition, after a new version of the Agreement is published, Contributor may elect to distribute the Program (including its Contributions) under the new version. Except as expressly stated in Sections 2(a) and 2(b) above, Recipient receives no rights or licenses to the intellectual property of any Contributor under this Agreement, whether expressly, by implication, estoppel or otherwise. All rights in the Program not expressly granted under this Agreement are reserved.

2262
2263 This Agreement is governed by the laws of the State of New York and the intellectual property laws of the United States of America. No party to this Agreement will bring a legal action under this Agreement more than one year after the cause of action arose. Each party waives its rights to a jury trial in any resulting litigation.

2274 TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION
2275

2276 1. Definitions.
2277

2278 "License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.
2279

2280 "Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.
2281

2282 "Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.
2283

2284 "You" (or "Your") shall mean an individual or Legal Entity exercising permissions
granted by this License.

2285

2286 "Source" form shall mean the preferred form for making modifications, including but not
limited to software source code, documentation source, and configuration files.

2287

2288 "Object" form shall mean any form resulting from mechanical transformation or
translation of a Source form, including but not limited to compiled object code,
generated documentation, and conversions to other media types.

2289

2290 "Work" shall mean the work of authorship, whether in Source or Object form, made
available under the License, as indicated by a copyright notice that is included in or
attached to the work (an example is provided in the Appendix below).

2291

2292 "Derivative Works" shall mean any work, whether in Source or Object form, that is based
on (or derived from) the Work and for which the editorial revisions, annotations,
elaborations, or other modifications represent, as a whole, an original work of
authorship. For the purposes of this License, Derivative Works shall not include works
that remain separable from, or merely link (or bind by name) to the interfaces of, the
Work and Derivative Works thereof.

2293

2294 "Contribution" shall mean any work of authorship, including the original version of the
Work and any modifications or additions to that Work or Derivative Works thereof, that
is intentionally submitted to Licensor for inclusion in the Work by the copyright owner
or by an individual or Legal Entity authorized to submit on behalf of the copyright
owner. For the purposes of this definition, "submitted" means any form of electronic,
verbal, or written communication sent to the Licensor or its representatives, including
but not limited to communication on electronic mailing lists, source code control
systems, and issue tracking systems that are managed by, or on behalf of, the Licensor
for the purpose of discussing and improving the Work, but excluding communication that
is conspicuously marked or otherwise designated in writing by the copyright owner as
"Not a Contribution."

2295

2296 "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom
a Contribution has been received by Licensor and subsequently incorporated within the
Work.

2297

2298 2. Grant of Copyright License. Subject to the terms and conditions of this License,
each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge,
royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of,
publicly display, publicly perform, sublicense, and distribute the Work and such
Derivative Works in Source or Object form.

2299

2300 3. Grant of Patent License. Subject to the terms and conditions of this License, each
Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge,
royalty-free, irrevocable (except as stated in this section) patent license to make,
have made, use, offer to sell, sell, import, and otherwise transfer the Work, where
such license applies only to those patent claims licensable by such Contributor that
are necessarily infringed by their Contribution(s) alone or by combination of their
Contribution(s) with the Work to which such Contribution(s) was submitted. If You
institute patent litigation against any entity (including a cross-claim or counterclaim
in a lawsuit) alleging that the Work or a Contribution incorporated within the Work
constitutes direct or contributory patent infringement, then any patent licenses
granted to You under this License for that Work shall terminate as of the date such
litigation is filed.

2301

2302 4. Redistribution. You may reproduce and distribute copies of the Work or Derivative
Works thereof in any medium, with or without modifications, and in Source or Object
form, provided that You meet the following conditions:

2303 a.You must give any other recipients of the Work or Derivative Works a copy of this
License; and

2304 b.You must cause any modified files to carry prominent notices stating that You changed
the files; and

2305 c.You must retain, in the Source form of any Derivative Works that You distribute, all
copyright, patent, trademark, and attribution notices from the Source form of the Work,
excluding those notices that do not pertain to any part of the Derivative Works; and

2306 d.If the Work includes a "NOTICE" text file as part of its distribution, then any
Derivative Works that You distribute must include a readable copy of the attribution
notices contained within such NOTICE file, excluding those notices that do not pertain

to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

2307

2308 You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

2309

2310 5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

2311

2312 6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

2313

2314 7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

2315

2316 8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

2317

2318 9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.
